#### NATURAL ODDITIES.

MAUD EVANS, a young lady of less than twenty years of age, residing in Beaver Falls, Pa., is said to have her third set of natural teeth.

From time to time a day flow at the harbor of Southampton, England. This peculiarity is caused by the Isle of Wight intercepting a portion of the tidal wave in its progress both ways through the English channel.

Near the middle of a white oak log, three feet in diameter, which was sawn the other day at Blanchester, O., were the figures 1780. It is supposed they were carved when the tree was young, and that the wood grew over them without effacing the carved indentations.

Two kittens born without tails are being exhibited to crowds of curious folk in Baltimore. There is in the little Isle of Man, in the Irish sea, a numerous race of tailless cats; in fact, a cat with a tail is a rarity there. The animals are odd, but by no means beautiful.

The Iowa (Kan.) Register says: "Miss Mattie Thayer wrote to an Iowa friend this week that they had a very heavy hailstorm at Medicine Lodge lately, and that in an extra large hailstone which she picked up she found a large grasshopper firmly imbedded in the ice."

And we may add that when he has made pleasant mention 100 times of some person, place or thing he must not expect to be forgiven. The omission may have been from accident, inadvertence, or even an entire lack of knowledge. It matters not. The simple fact remains and he will be judged by that.—X.

#### 21st REG'T. O. V. V. I. ASSOCIATION.

MC COMB, O., Aug., 1895.

DEAR COMRADE:

This year we have been puzzled to find a date for reunion that would suit all.

The National Encampment begins in Louisville, Ky., September 11, and the services on the battle field of Chickamauga comes off on the 18th and 19th of September, 1895. Many who will be in Georgia will want to attend and see the great Southern Exposition, and look around a Southern city that every Twenty-first knows well, for we have done service on every side of her, when to be there meant no kindly reception, but storms of shot and shell,—and many a brave comrade sleeps there. We ask all that can go to Chickamauga and represent the 21st in the dedicatory services.

The exercises enumerated will take up the month of September. Wishing to meet and greet everyone of the old regiment on our first camping ground, have dedicated Thursday and Friday, October 3d and 4th, 1895, as the days for holding our annual reunion, at Findlay, Ohio.

Comrades, come and bring every Twenty-first you can find. No city in the country will give us a warmer reception than Findlay, where we were first initiated into the duties of a soldier. Make your arrangements now and all of this month, and come to our reunion and cheer with your presence the remnant of a thousand strong that went over the old strap iron railroad on our way to Kentucky. Don't fail to come.

Fraternally yours,

R. F. McDONALD, Sec'y.  
JOHN H. BOLTON, President.
